

Kaikorai Valley College

Opportunity and Success for All

Kaikorai Valley College

Health and Safety

*Taking care
and enjoying the Farm*

Kaikorai Valley College

- Only enter the Farm if told to by your teacher
- Always assemble together on the green seats near the barn

Kaikorai Valley College

Hazards – things to
be aware of

***Possum traps are
dangerous***

DO NOT TOUCH

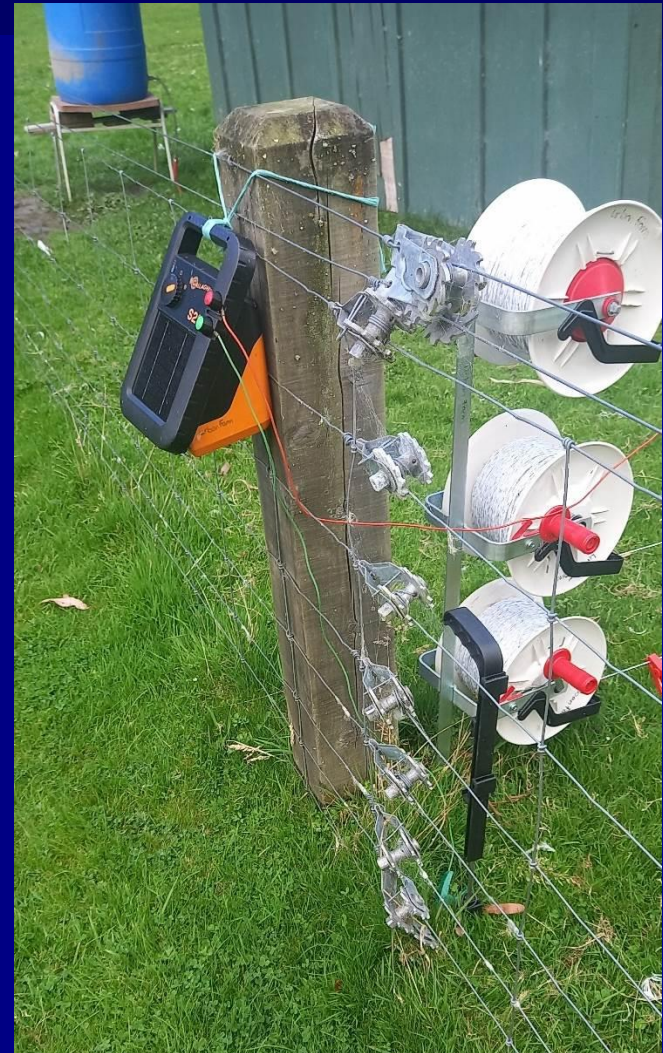

Kaikorai Valley College

Hazards – things to
be aware of

***Electric fences are
dangerous***

DO NOT TOUCH

Kaikorai Valley College

Hazards – things to be aware of

Bees sting and some people are allergic to them

***DO NOT TOUCH
DO WEAR A SUIT***

Kaikorai Valley College

Hazards – things to be aware of

***Animals stay behind the fence – you
on the other side***

***All animals are treated with respect:
be quiet, be gentle and keep hands
away – animals can bite!***

Kaikorai Valley College

International Students help out at the farm too

Kaikorai Valley College

***There are animals in our streams too!
Take care of them and where they live.***

Kaikorai Valley College

NEVER go down to our streams alone and only with the teacher

NEVER go near a stream in flood

Kaikorai Valley College

Wash your hands before you leave the farm with soap & fresh tap water

Don't put your fingers in your mouth, ears or up your nose!

Kaikorai Valley College

Don't bring your
rubbish to our farm

Leave the
environment as if
you were never
there

Kaikorai Valley College

Health and Safety

*Take responsibility to keep yourself
safe and your friends*
